

K-Love radio has tremendous impact on our local community--keeping us informed and providing family based news, music, and other programs. This vital service may no longer be available if displaced by LPFM. Thousands of families in our listening area would be deprived of wholesome values and encouraging insights. American values can only continue on the shoulders of strong families. K-LOVE radio has tremendous impact on building strong families in our community. Please don't take this wholesome programming off of the air.
